**Description: SEARCH ENGINE OPTIMIZATION
GENIUS**

"CAN YOU FIND ME NOW?"

Because most web surfers NEVER look past page two of their search results-- 40% stop after the first page, and only 8% will continue past the top 30 results, your business' web success depends on top ranking in the major search engines. Without it, you're dead.

A number of complex processes will get you there, both on-page and off-page.

Here are some of the processes we'll perform for you.

KEYWORD RESEARCH AND OPTIMIZATION

- * Identify "keyword phrases".**
- * Place keyword phrases in strategic locations in website code.**
- * Establish a procedure for regularly changing the content of the site.**

WEBSITE CODING

- * Procure a search engine friendly URL.**
- * Determine if you have the correct IP address type.**

LINKING STRATEGIES

- * Establish a writing/producing/posting articles process.**
- * Set up an RSS feed for your ever-changing content.**
- * Blogging- Submit to the 6 best directories.**
- * Forum.**
- * Social Bookmarking.**
- * Site map.**
- * Monthly newsletter.**
- * Podcasts.**
- * Press Releases**
- * Video Log**

Plus much, much more!
